

# Spacer bolts FF M4 AF8 L=18 mm

Article Number: 300001727

## Technical Data

| Attribute              | Value                                               |
|------------------------|-----------------------------------------------------|
| RoHS                   | RoHS compliant                                      |
| Colour                 | black                                               |
| Country of origin      | Germany                                             |
| Customs tariff number  | 39269097                                            |
| Material               | PA glass fibre reinforced 25                        |
| Previous part number   | 0021318                                             |
| Weight                 | 0,101 g                                             |
| Height                 | 18 mm                                               |
| Internal thread length | 8,5 mm                                              |
| Shape                  | hexagonal                                           |
| Thread size            | M4                                                  |
| Thread type            | internal thread                                     |
| Version                | internal thread (on both sides) – hexagonal outside |
| Width across flat      | 8                                                   |

## Description

Temperature-resistant until 110°C.

If L = 15 mm -> Thread length l = continuous

If L = 16-20 mm -> 1 mm centre bar

If L >= 21 mm -> Thread length l = 10 mm

## Drawing and Dimension Table

| Attribute | Value   |
|-----------|---------|
| L         | 18,0 mm |
| M         | M4      |
| SW        | 8       |
