

# Hexagonal spacers f/f M5 AF8 L=30

Article Number: 300016700

## Technical Data

| Attribute             | Value                                               |
|-----------------------|-----------------------------------------------------|
| RoHS                  | RoHS compliant                                      |
| Colour                | light brown                                         |
| Country of origin     | Japan                                               |
| Customs tariff number | 39269097                                            |
| Material              | PEEK                                                |
| Previous part number  | 3020530                                             |
| Flammability          | UL94 V0                                             |
| Height                | 30 mm                                               |
| Shape                 | hexagonal                                           |
| Thread size           | M5                                                  |
| Thread type           | internal thread                                     |
| Version               | internal thread (on both sides) – hexagonal outside |
| Width across flat     | 8                                                   |

## Description

Temperature: max. 180°C High-strength and excellent form stability High modulus of elasticity and excellent creep resistance Resistant to many chemicals Flammability rating: UL94 V0

## Drawing and Dimension Table

| Attribute | Value   |
|-----------|---------|
| L         | 30,0 mm |
| M         | M5      |
| SW        | 8       |
