

# Hexagonal spacers M3/M3x10 AF5,5 L=30

Article Number: 300016736

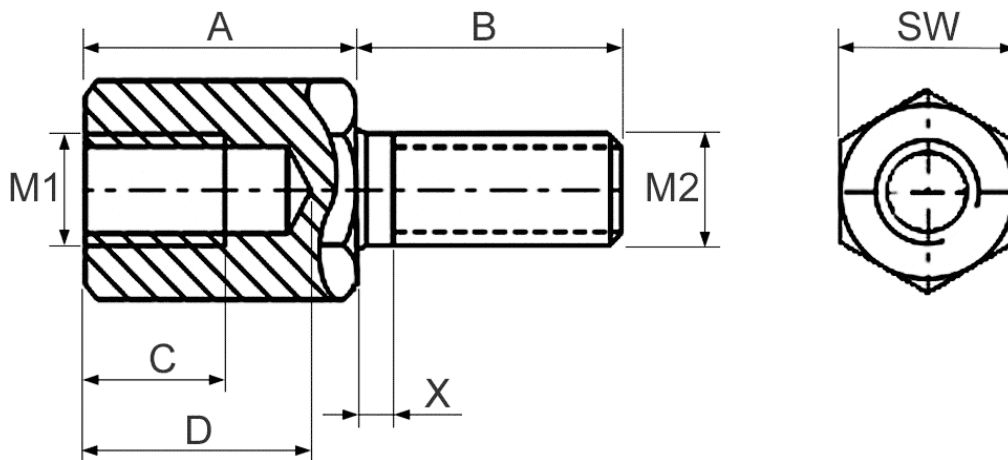

## Technical Data

| Attribute              | Value                                            |
|------------------------|--------------------------------------------------|
| Colour                 | zinc-plated                                      |
| Country of origin      | France                                           |
| Customs tariff number  | 73181900                                         |
| Material               | steel                                            |
| Previous part number   | 304330141152                                     |
| Weight                 | 5,65 g                                           |
| External thread length | 10 mm                                            |
| Height                 | 30 mm                                            |
| Internal height        | 15,0 mm                                          |
| Internal thread length | 10 mm                                            |
| Shape                  | hexagonal                                        |
| Thread size            | M3                                               |
| Thread type            | internal and external thread                     |
| Version                | internal and external thread – hexagonal outside |
| Width across flat      | 5,5                                              |

## Description

Spacers with female/male thread, hexagonal

## Drawing and Dimension Table

| Attribute | Value       |
|-----------|-------------|
| A         | 30,0 mm     |
| B         | 10,0 mm     |
| C         | 10,0 mm     |
| D         | 15,0 mm     |
| M1        | M3          |
| M2        | M3          |
| SW        | 5,5         |
| X         | max. 1,0 mm |
